

TAUNTON FERTILITY ACUPUNCTURE

JUDY SHIPWAY

BSc (Hons), LicAc, Dip TCM (Obs/Gyn), MBAcC

COVID-19 UPDATE – March 2021

As a medical clinic, Taunton Fertility Acupuncture is permitted to be OPEN during lockdown to provide vital medical and emergency treatments to our patients.

However, Judy has used the lockdown period to move house, take some study leave, relocate her practice and move into new premises. Her practice will open again from **1st April 2021**.

The premises are COVID-19 secure. At the time of writing, her practice will open for medical services where there is considered to be an EMERGENCY or HIGH NEED. Work in this category includes:

- Anyone in pain.
- Clients with ongoing issues (that if left without treatment would cause severe relapse).
- Medical issues such as fertility and other medically classed treatments.
- Treatments where time-based considerations are important (for example IVF) and where appointments must be kept to keep clients in a safe health bracket.
- Mental health support for vulnerable people.

As a member of the British Acupuncture Council, Judy is following their guidelines as well as Public Health England and other Government advice.

Individual risk assessments are being conducted for every session and all clients will need to complete a screening and consent form prior to attending. On the premises we have extra hygiene and safety measures in place (temperature checks, face masks, additional cleaning protocols and social distancing whenever possible).

Please do get in touch to find out how we can help you and if you have any query about coming for treatment.
